VIBES - ENERGY - PASSION

MEET DARYL THE OWNER

I started Sweet Vibe Events to bring a different kind of wedding DJ experience, something high-end, stylish, and full of personality.

When I DJ, I don't just stand there. I dance, I hype, I connect. It's about reading the room and keeping the energy alive from the first track to the very last.

My journey into the wedding world started long before I even realised it would become my full-time future business. I was just 12 years old when I first fell in love with DJing. I still remember the feeling of getting my hands on vinyl at the local youth club, learning how to mix on a pair of Technics 1210s. I didn't really know what I was doing at first, I just knew I loved it and was destined to be a DJ.

Not long after, I started playing at family parties and friends' gatherings. Nothing fancy, just me and a set of decks, doing what I loved and seeing the joy it brought to people. That's when I got the bug for creating a buzz, a reaction, and a feeling on the dancefloor. There is no better feeling than mixing a tune and watching the crowd go wild with their hands in the air screaming when they hear the next song that drops!

In my late teens, I explored the nightclub scene and ended up DJing at some incredible venues in London, Hertfordshire and Essex. It was wild, exciting, and taught me a lot about reading a crowd, but my heart never left weddings. There's just something about the emotion, the happiness and the vibe. You can't match that.

By the time I hit my mid-twenties, I made the decision to fully commit to weddings, and I've never looked back. I've worked incredibly hard to build Sweet Vibe Events into what it is today, and I still get the same rush stepping behind the decks now as I did when I was 12. This isn't just a job for me. It's a lifelong passion, and I feel lucky every day that I get to call this my career.

DJ & SAX

THE IBIZA TOUCH - DJ & SAX COMBO

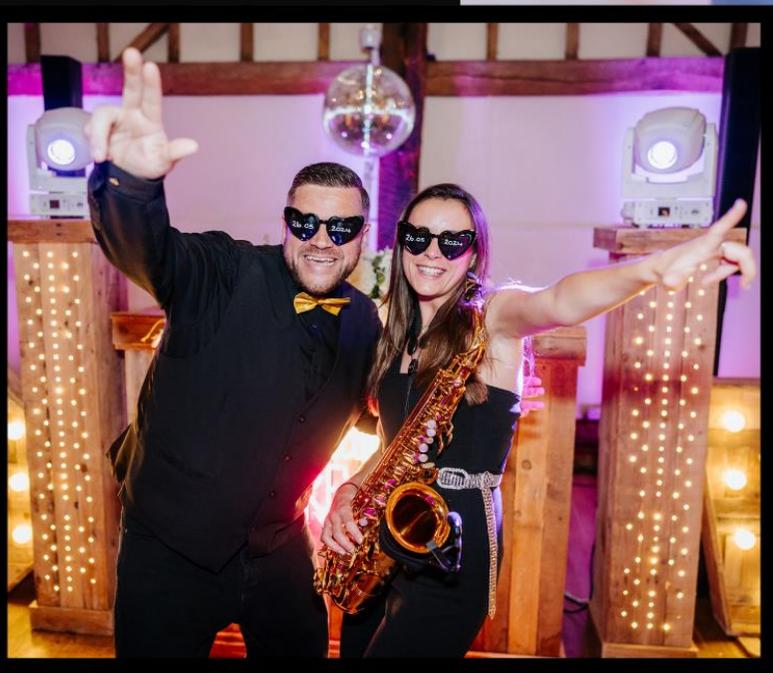

Imagine your drinks reception, your guests with cocktails in hand, and the smooth sound of live sax floating over the beat.

Our DJ & Sax duo brings that Ibiza-style energy to your wedding – classy, stylish, and full of feel-good vibes.

Whether it's for your drinks reception or the dancefloor, the combination of live sax and our signature DJ style always hits perfectly for all ages!

FROM

£700

BRINGING PARTY VIBES TO YOUR WEDDING

Our live saxophone player will join your wedding party for 2x 45 minute sets during the evening reception. They will provide a huge amount of energy and vibe onto the dancefloor so you can add that special touch to ensure a night of wild partying!

The sax player will improvise amazing solos over the top of the music that is already being played by our DJ's. They will have the necessary equipment with a wireless microphone so that they are able to roam the dancefloor and interact live with you and your guests.

Usually, sax players have always played over house/dance music (ibiza style), however, it also works excellent with 80's, Disco and Funk music.

DJ & BONGO'S

FEEL THE BEAT WITH A DJ & LIVE PERCUSSION COMBO

Want to take your dancefloor to another level? Our live bongo players bring pure energy.

The rhythm, the interaction, the live beats – it's an experience that transforms every track into something you feel.

Perfect for couples who want the night to go off.

FROM

TAKING THE ENERGY AND BEATS TO THE NEXT LEVEL

When our bongo player joins the DJ, everything changes. You'll feel it instantly, the rhythm, the energy, the hands-in-the-air moments. It's impossible to stand still.

The best part? Bongos work over every style of music, from Ibiza house and Kisstory throwbacks to pop bangers, disco classics and R&B anthems. Every beat hits harder. Every drop lands bigger. The dancefloor becomes a show.

It's not just background percussion, it's full interaction. Our bongo players move with the crowd, bounce off the DJ, and keep the vibe building all night. One minute they're beside the booth, the next they're out in the crowd, sticks flying, drums rolling, and everyone losing it together.

If you're after something fresh, different, and guaranteed to get your guests talking for weeks – this is the one.

THE SWEET VIBE KISSSTORY BAND

DON'T JUST TAKE OUR WORD FOR IT

Daryl.. Sweet Vibes.. What can I say..

Out of all the suppliers we had at our wedding, who were all INCREDIBLE, this has got to be one of the hardest reviews I have had to write because I just do not have the words to describe just how AMAZING Daryl is!!! But I will try..

From the very first phone call I had with Daryl, I was explaining to him what it was that we wanted for our big day, bearing in mind, this would have been 2 years before the date. We ended up being on the phone for around 45 minutes just talking about music and what we loved and the image that we had for our day. When I tell you I came off the phone that day absolutely buzzing, it was another level. I knew from that moment, that we had done the right thing in securing him. We wanted the entire day to just be a massive party, from start to finish. We decided to book Daryl for the ENTIRE day. What DJ do you know that will be there from the minute guests start to arrive, to the last person to probably leave the venue, and be on a constant high (because if that's what you are looking for, look no further).

We got married on the 5th of September 2025 at The Old Kent Barn and Daryl had never worked there before, so this was all very new to him as well (not that you would ever have known!). The venue had also never had a wedding where the DJ had been there for the day, the venue normally provide/play all the ceremony and drinks reception music for the couple, which is amazing, but we wanted to bring that next level! Our guests are still talking about it now. It was giving.. Ibiza beach party comes to Folkestone. I generally don't think I saw anyone sitting down.

The process could not have been easier, I had to complete an online form before our wedding with all of our ceremony music, the types of music we wanted for the drinks reception and wedding breakfast, I could add a list of songs on there that we wanted to be played to songs that we didn't want to be played, which was all easy to do and then just before the wedding we had a phone call with Daryl (that lasted over an hour) just discussing the day and how we wanted it to go. Again, another phone call we both left on cloud 9 absolutely buzzing for the big day!

My biggest nightmare for our wedding was that the dancefloor was going to be dead, everyone would just be gathered in the bar and that people would leave early because they were bored. We have been to weddings before where the DJ just doesn't read the crowd, they just flick from one song to the next, there is no real flow, one song will be good, and everyone gets up to start dancing and the next is awful and you have to sit back down again. I explained this to Daryl and he assured me, that would not be the case, and having spoken to him leading up to the wedding, I knew he was right!

All I can say is that our guests were searching for their flipflops during the drinks reception! The dancefloor was absolutely PACKED all night, and the photos prove that! You can see that he is just absolutely living his best life and that absolutely spreads onto the dancefloor. If you are not booking Daryl for your wedding, then I am sorry but it just will not be as good! When I say he made my wedding dreams come true.. This man is an absolute genius. Vibes, vibes and more vibes ALL day!!

I could carry on talking about just how insane he is, but I will run out of characters!!!

Please, if you do anything today as a bride or groom to be, PLEASE book this man for your special day, it'll be the best thing you ever do!!!

Thank you, Daryl, for making our day one that people will continue to talk about for years to come and quite literally, the best day of our lives! We love you!!!

POOL PARTY

Where to begin.... Words can't describe how lucky we are to work with such an amazing professional like Daryl on a regular basis at our venue Villiers Barn as our recommend supplier, but to have him perform at our very own wedding in Umbria Italy for our 3 day wedding weekend is something we will remember for the rest of our lives.

He is and always will be the life and soul of a party, his character but also complete professionalism shines through everytime we have the pleasure of working with him, but to be on the client side for once, made us truly realise why he is the best in the business!

We had compliments from every single one of our wedding guests on how brilliant he is, his constant smile and pure happiness cannot be replicated, and we will cherish every single moment he created for our wedding weekend, from the welcome party, to partying till 2am, and then topping it off with an epic pool party on the Sunday.

If you are looking at that extra something special to your wedding or party, do not even hesitate booking this guy!

Thank you again Daryl, you mean the absolute world to us.
